Infrastructure

Juan Manuel Ospina is a Senior Associate of the Public Law and Infrastructure practice, providing legal advice in the structuring of infrastructure projects, preparation of offers in the course of public bidding processes, as well as in the financing of infrastructure projects.

Experience

Juan Manuel has been a Senior Associate in Garrigues' Public Law and Infrastructure practice since 2021, working at Garrigues since 2015.

During his professional career he has participated in complex advisories such as the legal structuring of the First Line of the Bogotá Metro, and he is currently part of the structuring team of Line 2 of the Bogotá Metro.

Likewise, he participated in the structuring of the public street parking system in Bogotá, advising public entities in the execution of contracts and has participated in the legal validation of infrastructure projects under the PPP scheme.
